# of PROFILES AVAILABLE	<b>OVER 35,000</b>				15,000
KEY CHARACTERISTIC	Ideal solution for most standard applications	Ideal for "extreme applications" (Very tight radius, more flexible in cold, etc)	Extremely lightweight (40-50% lighter) Pre-primed (stains better)	Okay for use with Moulders Composition more similar to wood	
		20% more expensive than std Flex Trim	Ideal for larger profiles (due to weight) Better glue adhesion (back-sanded)	**dimension limitations: maximum 2" thick, 16" wide, 12' long minimum 1/2" thick, 1-3/4" wide, 8' long
